

## **TABLETOP WELLSRING water cooled**

### **Total system capacity**

Gallons per day 6

### **Water Characteristics**

#### **Feed Water Limitations**

No pretreatment required

Total Dissolved solids 3,000 ppm

Ph 5,0-9,0

Chloride 400 ppm max

Filtered 25 micron

Pressure 40-100 psi

#### **Product Water**

Product water purity (TDS) < 1 ppm

### **Power Consumption**

Rate of Energy Consumption (KWatts) .8

### **Electrical Requirements**

Voltage 120

Frequency (Hz) 50 or 60

### **Size**

Weight (lbs) 22

Dimensions (ft) 15"H x 9"W
